# Smart Worksheet

Directions: Show the amount of coins that the character gets when he trades his money and add them up.

Poem:	Stamp the coins and stamp the amount
<p> My dad gave me one dollar bill</p> <p> 'Cause I'm his smartest son,</p> <p> And I swapped it for two shiny quarters</p> <p><b>2 = 1</b> 'Cause two is more than one!</p>	<p>= _____</p>
<p> And then I took the quarters</p> <p> And traded them to Lou</p> <p> For three dimes -- I guess he don't know</p> <p><b>3 = 2</b> That three is more than two!</p>	<p>= _____</p>
<p> Just then, along came old blind Bates</p> <p> And just 'cause he can't see</p> <p> He gave me four nickels for my three dimes,</p> <p><b>4 = 3</b> And four is more than three!</p>	<p>= _____</p>
<p> And I took the nickels to Hiram Coombs</p> <p>↓  Down at the seed-feed store,</p> <p> And the fool gave me five pennies for them, And</p> <p><b>5 = 4</b> five is more than four!</p>	<p>= _____</p>
